HARVEY INTRODUCES PREMIUM-GRADE *TRIBUTE*, ITS FINEST VINYL WINDOW, IN TIME FOR THIS WINTER'S HIGH ENERGY COSTS

Upscale Appearance, Outstanding Performance and Advanced Hardware Define Harvey's Top-of-line Entry; Production and Marketing Now Underway

Waltham, Mass. (August 20, 2008) — In response to the evolving needs of homeowners and the challenges of escalating heating fuel costs, Harvey has announced its most stylish and advanced line of maintenance-free vinyl windows to date, the *Tribute*. A premium entry to the vinyl window market which will be available for use in replacement and new construction applications, the *Tribute* addresses consumers' varied needs in a single product, combining high-end elegance, exceptional functionality and, with the available high performance triple-glazing package, superior thermal protection.

Available mid-August, the *Tribute* will deliver a number of advanced design, functionality and energy conservation features, including:

- Standard Double Low-E/Argon-filled glass package which exceeds ENERGY STAR® qualification;
- A High-performance glass package option, featuring 1) three panes of glass sealed with PPG's Warm-Edge Intercept glass spacer system for added performance and durability. Two panes of glass use Low-E coating, and both airspaces contain Krypton gas for superior energy efficiency, and 2) Guardian ClimaGuard SPF™UV protection, eliminating over 99% of damaging UV rays, with a fade protection factor (FPF) of greater than 50;
- PPG's SunClean™ easy-cleaning glass coating, which uses UV rays to break down and loosen organic dirt on glass surface, making rinsing more efficient with minimal spotting and streaking;
- Stylish, contoured sash and glazing bead offer the high-end architectural design of a well-crafted wood window;
- Dual action low profile sash lock with integrated tilt/wash feature eliminates the need for separate tilt latches;
- Detailed grid profile provides improved aesthetics with realistic divided-light design;
- Hardware finish choices of white, oil-rubbed bronze, brasstone and brushed nickel;
- Integral lift on top sash, with the option of integral or applied lift handles on the bottom sash;
- White interior with 27 exterior color options.

Harvey/Tribute Window
2-2-2-2

“Harvey has long prided itself on creating the quality products consumers and contractors require, and bringing them to market in a timely fashion,” said Matt Samson, vice president of marketing. “The *Tribute* line exemplifies not only our tradition of listening to and incorporating consumer opinion into our products, but also our steadfast commitment to excellence, innovation, aesthetic appeal, performance and value. We think the *Tribute* is the finest vinyl window on the market, incorporating all the performance, features and sophisticated design homeowners want and exceeding the high quality standards contractors have come to expect from Harvey.”

The *Tribute* is immediately available through its branch warehouse locations throughout New England, New York, and Pennsylvania. Although Harvey sells exclusively to building industry professionals, homeowners are invited to learn about the *Tribute* and other Harvey products by visiting www.harveyind.com or any one of 11 product showrooms, where a list of contractor referrals is also available. Samson noted that Harvey has initiated a coordinated marketing push for the *Tribute* in August that will culminate with the launch of an advertising campaign in September.

Harvey, a leading manufacturer of windows, doors and patio rooms, and a premier wholesale distributor of quality building products in the Northeast, has been serving professional contractors since 1961. A privately held company headquartered in Waltham, Mass., Harvey operates manufacturing facilities, branch warehouses and public product showrooms throughout the Northeast region.
