

Manufacturer's Certification Statement

As it pertains to The American Recovery and Reinvestment Act of 2009
For Products Purchased Between January 1, 2009 – May 31, 2009

This Manufacturer's Certification Statement can be relied upon by you, the taxpayer, for verification that certain Harvey Building Products windows and doors are eligible for the tax credits identified in The American Recovery and Reinvestment Act of 2009.

IRS Notice 2006-26, Credit for Nonbusiness Energy Property, identifies allowable credits in respect to Eligible Building Envelope Components to include "an exterior window, skylight, or door" that meets or exceeds the established qualifications for the climate zone in which the window, skylight, or door is installed.

Following these guidelines, Harvey Building Products has determined that the following Harvey Building Products windows are Eligible Building Envelope Components and qualify for the credit allowed under §25C, when installed as an exterior window or door in all U.S. climate zones as indicated in the table below. All of the products with the appropriate glazing listed below are Energy Star qualified.

Please visit harveybp.com for continued updates to this program.

Under penalties of perjury, I declare that I have examined this certification statement, and to the best of my knowledge and belief, the facts are true, correct, and complete.

Thomas F. Russell, Senior VP, Manufacturing
August 28, 2009

The taxpayer should retain this certification statement as part of their tax records, although the taxpayer is not required to submit this form with their taxes. This document is not intended to constitute legal or tax advice. The taxpayer is advised to consult their tax professional.

Harvey Building Products assumes no liability regarding the homeowner's ability to obtain tax credits.

Important note: Beginning on June 1st, only windows with U and SHGC values of .30 or below will qualify. For these purchases, please print out the appropriate Manufacturer's Certification Statement. As always, you should consult your tax professional for a definitive assessment of this program.

Please click here to print out our Manufacturer's Certification Statement for purchases made after June 1, 2009:
